- Current position: Network Administrator
- Company: DPCo (Data Processing Corporate)
- Preferred Locations: Tehran

COMMENTS

A strong collaborator and self-motivated individual who possess more than 10 years of experience on implementation and maintenance of computer networks. Passing several network professional courses of Microsoft, VMWare, Cisco, SAN technologies and contributing in diverse projects and positions made me an expert in client facing and server-side skills.

During my career, I have worked in some enterprise company in which I have gained valuable experiences and flexible character. I am a problem solving and challenge welcoming person who enjoy new technologies and solutions. I am inexhaustible in presentation and negotiation of IT solutions.

During these years I studied or took part in several networking courses like MCSE 2000, 2003, 2012, MCITP 2008, Microsoft Exchange Server 2010, 2013, Microsoft ISA & TMG, Lync 2013, CCNA (Data Center) , CCNA (Security) , CCNA (Routing and Switching) , CCNP (Routing and Switching) and CCIE (Routing and Switching), VMWare VCP6-DCV and HP Server Solutions.

- CCNA , CCNP (Routing and Switching) and CCIE (Routing and Switching)
- OSI & TCP/IP Models, IPv4, IPv6, ICMP, ARP, VLSM , SNMP, NAT, NTP, DNS, DHCP, SSH
- Ethernet, VLAN, VTP, STP, MST, Dot1Q, HSRP/VRRP/GLBP, LACP/ PAgP , SPAN and RSPAN
- RIP, EIGRP, OSPF and BGP , VRF lite, , MPLS , LISP , AVC , NBAR
- Microsoft Windows Server 2000, 2003 ,2003 R2 ,2008 ,2008 R2 ,2012 ,2012 R2
- Microsoft Windows 2000, XP, 7, 8, 8.1, 10, Mac OSX 10
- Microsoft Exchange Server 2007, 2010, 2013
- Microsoft ISA 2004, 2006, Forefront TMG 2010
- Microsoft Windows SQL Server 2000 ,2005 ,2008 ,2008 R2 ,2012 ,2014 administration
- Active Directory, DNS, DHCP, WDS, WSUS, IIS, DFS, ...
- VMWare vSphere ESX/ESXi 4.0, 4.1, 5.0, 5.5, 6.0, 6.5, Hyper-V 2008, Hyper-V 2012
- Cisco Switches & Routers, HP Switches, HP Servers, HP Tape Libraries, Promise SAN Storage
- Symantec Backup Exec, ArcServe Backup and Disaster Recovery

- Local and Network RAID technologies
- Familiar with PowerShell

OBJECTIVE

Seeking a position as an administrator where extensive experience will be further developed and utilised. Extensive experience to the credit.

WORK EXPERIENCE

DPCo (Data Processing Co)

September 2015 - Present

Network Administrator

- Installed, Maintenance and configured virtual machine structure's (Base VMWare 5.0) and migrate to VMWare 6.5
- Maintenance and configured Cisco ASA 5520, ASA 5555, ASR 1006, Router 3845, Switches Series 6506, 3750, 2960 and 2950
- Installed, configured and Maintenance Fortinet 600
- HA Configuration for Fortinet 600
- Maintenance and Configuration Load Balancer - F5 BIG-IP
- Design and setting up and maintenance Microsoft Forefront Threat Management Gateway for 25 Network with third party application for reporting and bandwidth manager (Fastview and bandwidth splitter) on Virtual Machine Base VMware
- Installed, configured and maintenance Microsoft Windows Server 2008, 2008 R2, 2012, 2012 R2
- Installed, configured and maintenance DNS for forward and reverse zone
- Design and setting up and maintenance Kerio for 25 Network with Configuration for reporting and bandwidth manager on Virtual Machine Base VMware
- Installed, setting up and maintenance HP Server's (Apollo, HP ProLiant DL140 Generation G4, HP ProLiant DL380 Generation G4 - 9 series, HP ProLiant DL580 Generation G4 - 9 series)
- Maintenance and Configured Microsoft Lync server 2013
- Installed and Maintenance and Configured Microsoft Lync Edge server 2013 for outside users
- Installed and Maintenance and Configured MDAemon with three Domain's and 2000 Users (Migration 500 users using an older version to the new version)
- Installed and Configured ManageEngine OpUtils, Application's Manager, ADAudit Plus and Solarwinds For Monitoring Device's and Service's

Iran Behdasht

September 2015 - Present

Network Administrator

- Installed and setting up and maintenance virtual machine structure's (Base VMWare 6.0)
- Installed and Configured Solarwinds For Monitoring Device's and Service's
- Installed, setting up and maintenance HP Server's (HP ProLiant DL150 Generation G8, HP ProLiant DL380 Generation G8, HP ProLiant DL580 Generation G8)

Iran Minerals Production and Supply Company (IMPASCO)

September 2008 - September 2015

Network Administrator

- Network Administrator in IMPASCO (Iran Mineral Production And Supply Co) as representative of ADFA
- Designed and implemented IMPASCO headquarter's network infrastructure base on HP DL380 G4 - 9 series, HP DL 580 G8, Cisco 2950, 2960 and 3750 switches Series, APC, Nexans and Legrand passive products

- Installed and maintenance Fortigate 310B
- Installed and configured Microsoft Active Directory, DNS, DHCP, Print & File Server (Base 2003)
- Installed, configured and maintenance Microsoft Windows Server 2003 ,2003 R2 ,2008 ,2008 R2 ,2012
- Upgrade Microsoft Active Directory, DNS, DHCP, Print & File Server and other service to 2008
- Installed and configured Microsoft Lync server 2013
- Installed and configured Microsoft Exchange server 2013
- Installed and configured VMWare ESXi 5, vCenter 5 and upgrade to 6
- Installed and configured Elastix VoIP
- Installed and configured Paessler's and Solarwinds For Monitoring Device's and Service's
- Installed and configured ESET Nod32 antivirus server
- Installed and maintenance SAN Storage Promise
- Installed and maintenance HP Server's (HP DL380 G4 - 9 series, HP DL 580 G8)
- Design and setting up and maintenance vLan and inter vLan routing
- Design and setting up and maintenance Wlan and Hotspot
- Maintained Financial and MIS databases and other application and Service's
- Prepared Integrated network plan for more than 15 sub-company of IMPASCO
- Supervised the implementation process of the integrated network plan and ...

National Iranian Oil Products Distribution Company (NIOPDC)

September 2007 - September 2008

Network Support

- Supported Linux Suse clients
- Supported thin client WYSE
- Maintained Active/Passive network infrastructure including Servers, DLink Switches and Legrand products, Linksys Access point
- Sent daily and weekly reports to headquarter's IT team

Almas Rayane Saei

September 2005 - September 2007

Network Administrator and Designer

- Design and setting up and maintenance Lan and active directory and exgchange for Mehregan pahne
- Design and setting up Lan Namad Co
- Redesign and setting up and maintenance LAN and tshoot network Payam Marin
- and other project ..

EDUCATION

Network Engineer

September 2014 - September 2016

Islamic Azad University-South Tehran Branch

Obtained the MS degree with Article Load Balancing in Data Plane For Software Defined Networks

BS in IT Engineer

September 2008 - September 2013

Tehran Payame Noor University

QUALIFICATIONS

- Microsoft Certified System Engineer (MCSE) By Tehran Institute of Technology

- Microsoft Certified IT Professional (MCITP) By Amirchoupani Institute
- CCIE Routing and Switching By Cando Institute

SKILLS

- Linux Administrator
- MDAemon and Exchange Server
- Lync Server
- VCP6-DCV(VMWare)
- Cisco Routing and Switching
- Cisco Security
- Cisco Data Center
- HP Server

INTERESTS

Music, Reading, Movies, Trip
